Soil Capability For Agriculture

For the Key First Nation
In Rural Municipality Keys No. 303

Agriculture

Water

Class 2

Soils in this class have moderate limitations that restrict the range of crops or require moderate conservation practices.

Class 5

Soils in this class have very severe limitations that restrict their use to the production of native or tame species of perennial forage crops. Improvement practices are feasible.

Class 6

Soils in this class are capable of producing native forage crops only. Improvement practices are feasible.
