Chief Rodney Papequash and Council  
Key First Nation  
P.O.Box 70  
Norquay, SK S0A 2V0

Dear Chief Papequash and Council:

**Re: Recommending the Lifting of the Precautionary Boil Water Advisory for The Key First Nation's Community Water System**

The Advisory should be lifted as the system is back to normal operations, testing has found acceptable chlorine residuals and there is no evidence of bacteriological contamination.

If you have any questions regarding this information, please contact me at 306-737-7345.

Sincerely,

Kim Lee  
Environmental Public Health Officer
